To all schools in the Fylde

Dear Colleague,

Last Saturday, Fylde NUT supported two excellent events -

1. **Cuts to School Budgets** at the March and Rally in Lancaster. It was a big affair supported by lots of parents who came along with their children. Our Vice President, Joanne Gould was there and perhaps you were as well.
2. The **'Blackpool Deserves Better'** event was the most ambitious and best meeting organised, with our help, by the Trades Union Council for Blackpool, Fylde and Wyre for a long time. There will be a follow up campaign in the area for a better deal for us all in the community.

Now it is our turn - here in the **Fylde**. Especially, if you and your colleagues did not get to either of the above, please support our initiative at the public meeting below. We want to get cuts to school budgets uppermost in people's minds as the election approaches. We want everyone asking questions to the candidates and their supporters seeking votes - questions about the alarming news of our school funding levels.
